St. Luke's Hospital School of Nursing, 1932; Post Graduate Course in Obstetrics, Chicago Lying-In Hospital, 1934; General Duty, St. Luke's Hospital, Chicago, 1932–33; General Duty, Alice Home Hospital, Lake Forest, Illinois, 1934–35; Private Duty, Chicago, 1935–42; Registrar, St. Luke's Hospital School of Nursing, 1942–.

VIRGINIA L. JONAS, *Assistant Nursing Arts Instructor.*

Grad. St. Luke's Hospital School of Nursing, 1943; Assistant Nursing Arts Instructor, 1943–.

GEORGIANA KELLY, *Assistant Supervisor Operating Rooms.*

Summer sessions Teachers College, Detroit, Michigan, 1929 and 1930; Grad. St. Luke's Hospital School of Nursing, Chicago 1934; General Duty Main Building Operating Rooms, St. Luke's Hospital, Chicago, 1935–37; Scrub Nurse, neuro-surgery, Borgess Hospital, Kalamazoo, Michigan, 1938–39; Head Nurse, Main Building Operating Rooms, St. Luke's Hospital, Chicago 1939, and Assistant Supervisor Operating Rooms, 1942–.

STELLA F. KONECKO, *Supervisor of Student Health Service*

Grad. St. Luke's Hospital School of Nursing, 1941; Part Time, Northwestern University Summer Session, 1941; Univ. of Chicago Part Time 1942–; Staff Nurse, Psychiatric Department, St. Luke's Hospital, Chicago, March–Sept. 1941; Assistant Health Supervisor for Employees, 1941–42; Assistant Health Supervisor for Students, 1942–43; Associate Health Supervisor for Students, 1943–44; Supervisor of Student Health Service 1944–.

DOROTHY RITCHIE, *Assistant Nursing Arts Instructor.*

Grad. St. Luke's Hospital School of Nursing, 1942; General Duty, Psychiatric Department, St. Luke's Hospital October 1942–February 1943; Assistant Nursing Arts Instructor February 1943–.

LAETITIA M. ROE, *Instructor and Supervisor in Neuro-psychiatric Nursing.*

Grad. Winnipeg General Hospital School of Nursing 1930; University of Manitoba, 1925–26; University of Chicago 1939–. General-special Duty, St. Mary's Hospital, Rochester, Minn. 1936–37; Charge Night Duty, St. Luke's Hospital, Chicago, 1937–39; Assistant Head Nurse Neuro-psychiatric Department, 1939–40; Head Nurse Neuro-psychiatric Department 1941–42; Instructor and Supervisor, Illinois State School of Psychiatric Nursing 1942–43; Instructor and Supervisor in Neuro-psychiatric Nursing, St. Luke's Hospital, Chicago, 1943–.

HELEN RUTHERFORD, *Senior Night Supervisor and Instructor in Night Nursing.*

State Teachers College, Macomb, Illinois, 2 quarters 1926; Grad. St. Luke's

Hospital School of Nursing, 1930; University of Chicago part time 1936 and 1943; Northwestern University part time 1938; Private Duty St. Luke's Hospital 1930-33; Visiting Nurse Association of Chicago staff nurse 1934-40; General Duty St. Luke's Hospital, Chicago, 1940; Head Nurse, 1942-43; Relief Night Supervisor 1943; Senior Night Supervisor 1944-.

IRENE L. STOLP, *Supervisor-Instructor in Charge of Student Nurse Instruction, Out Patient Department.*

Grad. St. Luke's Hospital School of Nursing, Chicago, 1921; Teachers College, Columbia University summer session 1925, 40 and 42; Univ. of Chicago part time 1928-33; part time Northwestern Univ. 1940-; Head Nurse Gynecology Department, Alleghany General Hospital, Pittsburgh, Pa. 1921-23; Supv. Smith Bldg. Operating Rooms, St. Luke's Hospital, Chicago, 1924-26; Visiting Nurse, V.N.A. Huntsville, Alabama 1926-28; Teaching Supervisor, St. Luke's Hospital Out Patient Department 1935-43; Acting Supervisor-Instructor Obstetrics 1943-44; Supervisor-Instructor in Charge of Student Nurse Instruction, Out Patient Department 1944-.

J. EVELYN VAN de STEEG, *Supervisor and Instructor in Surgical Nursing.*

Grad. Univ. of Iowa School of Nursing 1913; Univ. of Iowa summer session 1922; Private duty 1913-17; U.S. Army Service 1917-20; Public Health Nursing in Iowa 1921-25; Supv. St. Luke's Hospital, St. Louis, Mo. 1925-29; Supv. and Instructor in Surgical Nursing St. Luke's Hospital, Chicago 1929-.

PEARL WITTMACK, *Assistant Supervisor and Instructor in Charge of Orthopedic Nursing in Out Patient Department.*

Grad. St. Luke's Hospital School of Nursing, Chicago, 1930; part time study Northwestern University and University of Chicago 1938-. Course in Kenny Hot Packing, Wesley Memorial Hospital 1942; Head Nurse, Operating Room, St. Luke's Hospital, Chicago 1930-32; Supervisor of Surgery, Mt. Sinai Hospital, Chicago, 1932; Assistant Supervisor in Surgery, St. Luke's Hospital, 1932-37; Assistant Supervisor and Instructor in Charge of Orthopedic Nursing in Out Patient Department 1937-.

GRACE H. YOUNG, *Assistant Science Instructor.*

Hamline University, St. Paul, Minnesota, 1936-38; B.S. in Nursing Education, University of Minnesota, 1938-41; Orthopedic Head Nurse, Wesley Memorial Hospital, Chicago, 1942-43; Assistant Science Instructor, St. Luke's Hospital School of Nursing, 1943-.

#### LIBRARIAN

PEGGY PRESKILL, *Librarian.*

B.A., University of Buffalo, Buffalo, New York, 1940; B.L.S., University of Buffalo, 1941; graduate work in Education and Library Science, 1940-41; Assistant Librarian, Joliet Township High School, Joliet, Illinois, 1941-42; Teacher-Librarian, Zion-Benton Township High School 1942-43; Gifts and Exchange Librarian, Northwestern Medical School Library, 1943-44; Librarian, St. Luke's Hospital School of Nursing Library, 1944-.

#### HEAD NURSES

FRANCES L. BETO, *Head Nurse Operating Rooms.*

Augustana College, Sioux Falls, S. Dak., 1937-38; South Dakota State College, Brookings, South Dak., 1938-39; Grad. St. Luke's Hospital School of Nursing 1943; General Duty Operating Rooms 1943-44; Head Nurse Operating Rooms 1944-.

LOUISE BRANDT, *Head Nurse Infirmary*

Grad. St. Mary's Mercy School of Nursing, Gary, Indiana, 1932; part time Wichita University, 1925; part time Univ. of Chicago 1943; St. Mary's Mercy Hospital, Gary, Ind., 1932-36; Charge Nurse Diamond Clinic, Stevens Point, Wis.,

1936-37; St. Mary's Hospital, Gary, Ind., 1937-40; General Duty St. Luke's Hospital, Chicago, 1940-42; Head Nurse Infirmary 1942-.

ANNA GRACE BROWN, *Night Head Nurse Operating Rooms.*

Grad. Newell and Newell Training School for Nurses, Chattanooga, Tenn.; Course—Operating Room Technique, Charity Hospital, New Orleans, La.; Operating and Central Supply Rooms, Lawrence Memorial Hospital, New London, Conn.; Head Nurse, Bledsoe Clinic, Pikeville, Tenn.; Head Nurse Med. and Sur. Floor, Lodi Hospital, Lodi, Ohio; Gen. Staff Nurse, Operating Rooms, St. Luke's Hospital, Chicago, 1941; Night Head Nurse Operating Rooms, 1942-.

VIRGINIA FALLON, *Head Nurse Obstetrical Department Main 9.*

Grad. St. Luke's Hospital School of Nursing, Chicago, 1939; Night Charge Nurse. St. Luke's Hospital, 1939-40; Part time Univ. of Chicago, Winter Term, 1941; Head Nurse Main 9 Obstetrical Floor, 1940-.

LILLIAN LUCILLE FARRELL, *Head Nurse Main Operating Rooms.*

Grad. St. Luke's Hospital School of Nursing 1943; General Duty Main Operating Rooms 1943; Head Nurse Main Operating Rooms 1944-.

ALICE FIELD, *Head Nurse Smith Five Nursery.*

Grad. St. Luke's Hospital School of Nursing 1939; Private Duty 1939-41; General Duty St. Luke's Hospital, Chicago, 1941-44; Head Nurse Smith Five Nursery 1944-.

GERALDINE HEMPELMAN, *Head Nurse Operating Room.*

Grad. Evangelical Hospital School of Nursing, Chicago, 1939; Four month Post Graduate Course in Orthopedics, New York Orthopedic Hospital and Dispensary; Six month Post Graduate Course in Operating Room Technique, Cook County Hospital, Chicago; 2½ years General Duty Operating Room, New York Orthopedic Hospital; General Duty Operating Rooms, St. Luke's Hospital, Chicago, 1943-44; Head Nurse Operating Rooms, 1944-.

DELLABELLE HERBERT, *Night Head Nurse Relief in Obstetrics and Night Supervision.*

Stephens College, Columbia, Missouri, 1937-39; Grad. St. Luke's Hospital School of Nursing, 1943; General Duty St. Luke's Hospital, Chicago, 1943-44; Night Head Nurse Relief in Obstetrics and Night Supervision, 1944-.

SUZANNE R. HODGES, *Afternoon Head Nurse, Main Nine Obstetrics.*

B. S. University of Chicago, 1935; Grad. St. Luke's Hospital School of Nursing, 1943; Afternoon Head Nurse, Main Nine Obstetrics 1944-.

ELEANOR P. HOLMES, *Head Nurse Men's Ward.*

Beloit College, Beloit, Wis., 1934-36; Grad. St. Luke's Hospital School of Nursing 1941; Head Nurse, Pediatric Department, St. Luke's Hospital, 1941-42; Part time Univ. of Chicago, 1941; Head Nurse Men's Private and Semi-Private Floor, 1942; U. S. Navy Nurse Corps 1942-43; Head Nurse Men's Ward 1943-.

LOYS HUNTER, *Head Nurse E.E.N.T. Department and Bronchoscopic Department.*

Grad. Jane C. Stormont Hospital, Topeka, Kansas, 1938; Private Duty, 1938-39; General Duty Santa Fe Hospital, Topeka, Kansas, 1939; Post Graduate, Cook County Hospital, Chicago, 1939-40; Scrub Nurse, Children's Memorial Hospital, Chicago, 1940-41; Head Nurse E.E.N.T. Department and Bronchoscopic Department, 1941-.

RUTH KEHNL, *Head Nurse Women's Private and Semi-Private Floor.*

Grad. St. Mary's Hospital School of Nursing, Milwaukee, Wis., 1925; Assistant Head Nurse Men's Ward, St. Luke's Hospital, Chicago, 1942; Head Nurse Women's Private and Semi-Private Floor 1942-.

RUTH KIRKHAM, *Head Nurse in Charge of Employee Health Service.*

Greenville College, Greenville, Ill., 1918; Grad. St. Luke's Hospital School of Nursing 1922; Visiting Nurse Association, South Bend, Ind., 1923-24; Visiting Nurse Association, Chicago, 1928-30; Head Nurse Women's Ward Floor St. Luke's Hospital, Chicago, 1934-35; Private Duty in interim; Head Nurse in Charge of Employee Health Service, St. Luke's Hospital, Chicago, 1943-.

CECILE LARSON, *Head Nurse Operating Rooms.*

Grad. Wesley Memorial Hospital, Chicago, 1928; Charge in Surgery and Scrub Nurse, Lincoln Memorial Hospital, Rochelle, Illinois, 1928-30; Clinton Memorial Hospital, St. John's, Michigan, Charge in Surgery and Scrub Nurse, 1930-34; Scrub Nurse, Wesley Memorial Hospital, Chicago, 1934-36; Scrub Nurse, St. Luke's Hospital, Chicago, 1936-41; Head Nurse Operating Rooms, 1941-.

MARION LENNAN, *Head Nurse D floor.*

Grad. Jersey City Medical Center, Jersey City, N. J., 1937; Part time George Williams College, Chicago, 1942; Part time University of Chicago 1943-; Private Duty, 1937-39; General Duty Michael Reese Hospital, Chicago, 1939-41; General Duty St. Luke's Hospital, Chicago, 1941-42; Assistant Head Nurse 1942-43; Head Nurse D floor, 1943-.

JEANETTE LUNDBERG, *Head Nurse, Women's Medical Ward.*

Evanston Collegiate Institute, 1938; Grad. St. Luke's Hospital School of Nursing 1943; Assistant Head Nurse Women's Ward Floor 1943-44; Head Nurse Women's Medical Floor, 1944-.

ELIZA MARSKE, *Head Nurse Main 7 Private and Semi-Private Women's Floor.*

Grad. General Hospital, Minneapolis, Minn., 1918; P.G. course in Obstetrics Chicago Lying In Hospital, 1924-25; Chicago Univ. Summer Session, 1931; Chicago Univ. Night School, 1931-32; University of Chicago, part time 1941; Supv. Contagious Hospital, Minneapolis, 1918-20; Night Supv. General Hospital, Elkhart, Ind., 1921-23; Head Nurse Obstetrics, Michael Reese Hospital, Chicago, 1925-28; Head Nurse Main 7 St. Luke's Hospital, Chicago, 1928-.

FRANCES L. MATIS, *Head Nurse C Floor.*

Joliet Junior College, Joliet, Illinois, 1939; Grad. St. Luke's Hospital School of Nursing, 1943; General Duty St. Luke's Hospital 1943; Head Nurse C Floor, 1944-.

MARION STEELE MILLER, *Head Nurse Smith Five Obstetrics.*

Western Michigan University 1937-38; Grad. St. Luke's Hospital School of Nursing 1941; Part time University of Chicago 1944; General Duty St. Luke's Hospital, Chicago, 1941-42; Assistant Head Nurse 1942; Head Nurse Smith Five Obstetrics 1942-.

MALINDA MOENCH, *Head Nurse Operating Room.*

Grad. Lutheran Hospital School of Nursing, Hampton, Iowa; Post Graduate Course in Surgery, Michael Reese Hospital, Chicago; Head Nurse in Surgery, Michael Reese Hospital, Chicago, 12 years; Surgical Supervisor, Methodist Hospital, Peoria, Illinois, 6 years; General Duty, Operating Rooms, St. Luke's Hospital, Chicago, 1944; Head Nurse Operating Room, 1944-.

ANN MONSEN, *Head Nurse Operating Rooms.*

Grad. University Hospital School of Nursing, Iowa City, Iowa, 1928; Private Duty, 1928-33; Des Moines Health Center, 1929; Office Nurse, Des Moines, Iowa 1934-35; Post Graduate Course in Surgery, Cook County Hospital, Chicago, 1935-36; Cook County Hospital, Chicago, Surgical Nurse, 1936-37; Surgical Nurse, Passavant Memorial Hospital, 1937; Scrub Nurse, St. Luke's Hospital, Chicago, 1937-41; Head Nurse Operating Rooms, 1941-.

RUTHANN OSBORNE, *Head Nurse Neuropsychiatric Department.*

Grad. St. Luke's Hospital School of Nursing 1943; Head Nurse Neuropsychiatric Department St. Luke's Hospital, 1943-.

NORMA MARIETTA RISTER, *Head Nurse, Pediatric Department, Nursery Division.*

Grad. St. Luke's Hospital School of Nursing 1940; Assistant Head Nurse, Pediatric Department, St. Luke's Hospital, 1940-43; Head Nurse, Pediatric Department, Nursery Division, 1943-.

CAROLYN OGDEN, *Head Nurse B Floor.*

DePauw University, 1937-37; Grad. St. Luke's Hospital School of Nursing 1940; Part time Univ. of Chicago 1942-; General Duty, St. Luke's Hospital, Chicago, 1940-41; Assistant Head Nurse 1941-44; Head Nurse B Floor 1944-.

IDA REICHARDT, *Head Nurse F Operating Room.*

Grad. St. Luke's Hospital School of Nursing 1942; General Duty Main Operating Room, St. Luke's Hospital, Chicago, 1942; Head Nurse F Operating Room, 1943-.

RUTH K. ROCKEY, *Head Nurse Emergency Examining Room.*

Grad. St. Luke's Hospital School of Nursing 1930; Private Duty St. Luke's Hospital, Chicago, 1930-33; General Duty John B. Murphy Hospital, Chicago, 1936-37; General Duty United States Marine Hospital, U.S.P.H.S., Chicago, 1937-41; Head Nurse Emergency Examining Room 1943-.

BERNADINE SCHAEFER, *Head Nurse Main 17.*

Grad. St. Luke's Hospital School of Nursing 1943; General Duty St. Luke's Hospital, Chicago 1943; Head Nurse M 17, 1944-.

MARION SCHEMPP, *Head Nurse Main 8 Pediatric Department.*

Grad. St. Luke's Hospital School of Nursing, 1941; Assistant Head Nurse Main 16, 1941; Head Nurse Main 8 Pediatric Department, 1942-.

LUCILLE A. SCHENCK, *Head Nurse and Assistant Supervisor Main 14 Women's Ward.*

Grad. St. Luke's Hospital School of Nursing, 1930; Univ. of Chicago part time 1933; Night Supervisor Relief, St. Luke's Hospital, Chicago, 1932; General Duty 1933; Private Duty 1933-42; Head Nurse and Assistant Supervisor Main 14 Women's Ward 1942-.

MARGARET BELL SMITH, *Head Nurse Operating Rooms.*

Grad. St. Luke's Hospital School of Nursing 1938; Private Duty, 1938-39; General Duty Main Building Operating Rooms, 1939-42; Head Nurse Operating Rooms, 1942-.

SYLVIA IRENE SWARD, *Head Nurse Main 6 Private and Semi-Private Men's Floor.*

Grad. St. Luke's Hospital School of Nursing, 1941; Part time Univ. of Chicago 1941; Assistant Head Nurse Main 7, 1941-42; Assistant Head Nurse Main 6, 1942; Head Nurse Main 6 Private and Semi-Private Men's Floor 1942-.

PHYLLIS WHITMORE, *Head Nurse Main 11, Men's Ward Floor.*

Grad. St. Luke's Hospital School of Nursing, 1943; General Duty, St. Luke's Hospital, Chicago, 1943-44; Head Nurse Main 11, 1944-.

## SCHOOL OF NURSING

## HISTORY

**S**T. LUKE'S HOSPITAL was founded in February, 1864, under the leadership of Dr. Clinton Locke, Rector of Grace Episcopal Church 1859-1895. Later that same year the Hospital became incorporated. In the words of Dr. Locke, "We found a small wooden house on State Street, near Eldridge Court, where by crowding we could put up seven beds. It was a pleasant little place with grass and flowers and one or two poplar trees." In 1871 the hospital moved about three blocks to Indiana Avenue and occupied a part of the present site.

The School of Nursing of St. Luke's Hospital was organized in 1885. Six nurses graduated in the first class. Through the efforts of the many friends of the hospital, still under the leadership of Dr. Locke, a well designed hospital was completed by 1891 with a capacity for 152 patients.

In June, 1893, the year of the Chicago World's Fair, a group of eighteen directors of nursing from prominent hospitals in the country, meeting together in a sitting room at St. Luke's Hospital through the invitation of Miss Katherine Lett, superintendent of nurses (at St. Luke's Hospital), united themselves into a society named the American Society of Superintendents of Training Schools for Nurses, later to become the National League of Nursing Education.

An urgent need for a private patient pavilion developed and in 1908 the "George Smith Memorial" was erected on Michigan Avenue adding accommodations for 110 patients. In 1898 Stickney House was erected as a residence for nurses. Grace Church and St. Luke's Hospital had both survived the Chicago fire, but in 1915 Grace Church, with the exception of the beautiful Hibbard Chapel, was completely destroyed by fire. The following year the Hibbard Chapel met the same fate.

A twenty-one story building on Indiana Avenue was completed in 1925 providing for over 400 patients. A portion of the older building still stands on Indiana Avenue but the new building occupies the greater frontage. In 1928, Grace Church, always so closely associated with the development of St. Luke's, was rebuilt, adjoining to the south the Indiana Avenue Building.

In the spring of 1938, a small, private neuropsychiatric department was opened. St. Luke's is the first general private hospital in Chicago to care for psychiatric patients. The department has filled a very real need in the community and in the early summer of 1939 was moved into new quarters with over twice the capacity.

June, 1943, saw the completion of the Schweppe Memorial Residence, 1500 Indiana Avenue, erected by gifts from friends of St. Luke's in memory of Mr. and Mrs. Charles H. Schweppe. The school

facilities as well as beautiful living rooms are on the first floor. The remainder of the house accommodates 175 students with suitable rooms for a few of the faculty. Just a year later, through the assistance of the Lanham Act, three additional stories are being added to the wing.

Main 12, formerly educational floor for the school, was opened in March, 1944, as a women's medical floor. A section of Main 3 was converted for the use of the Medical Library and opened in May, 1944.

St. Luke's Hospital renders to the community, service for all income levels. There are 529 beds plus 55 bassinets. Among the medical staff are many professors from the three medical schools in the metropolitan area. St. Luke's is a teaching hospital for medical students and for doctors seeking post graduate medical work.

#### ACCREDITATION

The school of nursing is accredited by the National League of Nursing Education and meets the standards set by law of the Illinois State Department of Registration and Education. It is approved by the U. S. Public Health Service for the Cadet Nurse Corps. Since the organization of the school of nursing over 2200 nurses have received diplomas. Graduates of the school are found in positions of responsibility in all fields of nursing. The hospital is approved by the American Hospital Association, the American Medical Association and the American College of Surgeons. It is also approved by the American Medical Association for experience for both interns and residents.

#### PURPOSE OF THE SCHOOL

The purpose of the school is: to maintain a standard of ideals commensurate with the needs of today and tomorrow worthy of the high ideals cherished by the founders; to accept well selected applicants, then to provide them with an educational program which will direct and stimulate their growth as individuals and professional nurses; to develop a clear understanding of the fundamental principles which underlie all good nursing; to give professional education to young women in the art of caring for the sick in the hospital and in the community with emphasis on the prevention of disease and an understanding of the social problems affecting health; to promote a professional attitude in relation to nursing education and to contribute to the ever changing needs of society.

#### EDUCATIONAL FACILITIES

Two classrooms, three laboratories—chemical, physiological and dietary—offices for the educational director and her immediate staff, plus the library are housed on the first floor of Schweppe House. The nursing arts laboratory as well as the infirmary and the student health offices are on the 13th floor of the Main Building. The library contains over 2200 volumes, including reference books, professional journals and a limited selection of books of current interest and of literary

value. The resources of the Medical Library are available through requisition by the nursing school librarian.

Single rooms are provided for students in Schweppe House as well as floor sitting rooms and laundries. In Stickney House and in Main, where some of the students are housed, there are double rooms and a few single rooms.

#### REQUIREMENTS FOR ADMISSION

Applicants for admission to St. Luke's Hospital School of Nursing must obtain application forms to be filled out and returned to the Director of Nursing. Classes are admitted semiannually in September and in February. Each applicant must present credentials showing the completion of a four year course from a high school approved by the North Central Association of Colleges and Secondary Schools, or some other accrediting agency.

In the selection of students preference is given to those who show evidence of advanced education, high scholastic achievement and outstanding cultural advantages.

Admission is limited to applicants between 18 and 35 years of age, who can show testimonials of good character and seriousness of purpose. The School considers it inadvisable as a general practice, to admit or retain married women in the student body, and reserves the right, after full consideration of each case, and after consultation with all parties concerned in the arrangement, to admit, readmit, retain or dismiss a student or applicant.

The advisable high school program for students to pursue who wish to prepare for admission in nursing constitutes the following courses:

English—4 credits

Foreign Language—2 to 4 credits

Science—2 to 4 credits which should include chemistry

Mathematics—2 to 3 credits

Social Science (History, Civics, Government)—2 to 4 credits

Electives (Music, Art, Domestic Science)—A maximum of 4 credits

#### *Health*

The applicant is required to present a report of physical examination made by her family physician, this report submitting that the applicant is without physical ailment or defect that would prove a handicap in nursing. All remediable physical defects are to be corrected before entrance. Certification showing immunization against small-pox and typhoid fever within one year of entrance, is also required, as is a statement from the family dentist, testifying to the satisfactory condition of the teeth. Blanks are supplied the applicant for the presentation of these reports.

#### EXPENSES

##### *Registration Fee*

Students who have been admitted to the school pay a registration fee of ten dollars (\$10.00) in advance, to guarantee a room reservation in the nurses' home.

*Tuition Fees*

Total tuition fee .....	\$200.00
Total cost of text books, approximately.....	60.00
	<u>\$260.00</u>

Fees may be paid in one lump sum on entrance or :

*Schedule B*

On entrance:	\$150.00 for tuition
Approximately	30.00 text books
Beginning of second year:	\$ 25.00 for tuition
Approximately	15.00 text books
Beginning of third year:	\$ 25.00 for tuition
Approximately	15.00 text books

Elective—28 senior students with acceptable scholastic standing and an interest in public health nursing may have two months' experience with the Visiting Nurse Association of Chicago. This requires an additional fee of \$25.00 payable to the Visiting Nurse Association at time of affiliation.

The fees are not refunded if a student withdraws from the school or is dismissed, and these fees are not refunded if a student is not retained in the school because of inferior class work or for either physical or social incapacity. One exception is made to the foregoing. If a student is asked to withdraw by the school during her first two weeks of schooling all fees are refunded excepting the registration fee and the first year's health fee, and a flat charge of \$3.00 per day for room and board is made. Adjustments, when possible, will be made on text books and incidentals. If the student elects to pay her fees according to Schedule B, amounts due (\$25.00) at the beginning of the second and third years must be paid on or before the registration date as no student will be allowed to continue who is delinquent in payment of school fees.

The School provides the complete uniform.

A deposit of \$1.00 is made for room keys, but this fee is refunded upon the return of the keys when the student leaves the school.

*Personal Expenses*

The student's personal expenses will depend upon her individual taste and financial means. There is no way student nurses may earn money while pursuing their studies, as their entire time is occupied in carrying out the school program. With careful planning most students are able to get along very well if they have one hundred and fifty dollars a year available for personal expenses. Average personal expenses range from seven to twelve dollars a month.

## STUDENT HEALTH PROGRAM

The health program is conducted under the direction of the Health Supervisor who endeavors to teach the students principles of personal hygiene and their practical application in the promotion of

health. Upon arrival each student is given a careful physical examination, including an x-ray of the chest.

Students are urged to report promptly any indisposition. When ill they are hospitalized and attended by members of the Medical Staff of St. Luke's Hospital. The School of Nursing, however, will not assume responsibility for medical care for illness due to conditions which existed prior to the student's entrance into the School. The hospital will supply hospitalization in case of illness, but this will not exceed three months during the entire three year course.

Health examinations are given each year, and recommendations for the welfare of each student are carefully followed.

Time lost because of illness must be made up.

#### VACATION AND ABSENCE

Students are allowed four weeks of vacation during the first and second years, two weeks in the third year, a total of ten weeks during the three years. Vacations are usually planned during the months of June, July, August and September of each year. Students are not permitted an extension of vacation time, and will be considered on leave of absence if they do not return on scheduled time. They will then be reinstated upon approval by the faculty. Neither are students permitted to be absent from the school for personal reasons, except in the case of extreme illness of members of their immediate families. Students are not granted leaves of absence to nurse relatives.

#### RELIGIOUS INFLUENCE

While St. Luke's Hospital was founded under the direction of leaders in the Episcopal Church, the question of creed never enters into its work, either as to patients or the selection of students in the school. Grace Episcopal Church immediately to the south of the Indiana Avenue Building has always been closely affiliated with the hospital. Preclinical students are required to attend chapel services on two afternoons during the week; all students are required as a part of their school program to attend chapel on Wednesday evening at twenty minutes past seven.

#### RESIDENCES

Schweppe Memorial Home houses 175 students and 25 faculty members. Three additional floors will be completed in the fall of 1944. The freshmen students live in Stickney House and on two floors of the main hospital.

#### STUDENT ACTIVITIES

The Cooperative Government Association of St. Luke's School of Nursing was established in the spring of 1940. The purpose of the organization is to assist the students in attaining through actual practice under guidance a happy, constructive way of life, based upon respect and consideration, for the principles of good social living in

the community at large, for the school and the hospital, for one another, for the group, for the property entrusted to their care, and an appreciation of the good use of leisure time.

The Herman H. Hettler, Jr., Fund was established in 1930 to be used for the comfort and pleasure of the nurses. The income from this bequest of ten thousand dollars materially aids in working out a worth-while extracurricular program.

Through the Nursing School Committee of the Woman's Board, as well as through individual members, the social and home life of the student nurses has been made attractive and comfortable.

Each class has its own organization, officers and faculty advisor and throughout the year many special parties and teas are enjoyed.

#### STANDARD OF CONDUCT

The conduct expected of students is such as any self-respecting earnest woman will recognize as embodying only those requirements that are fair and necessary in an institution of this kind.

House regulations in printed form are presented to the student upon her arrival, and it is understood that her presence in the school indicates her perfect willingness to cooperate with the school administration in maintaining these regulations.

#### SCHOLASTIC STANDARDS

Attendance upon all scheduled classes is obligatory. Only illness is accepted as an excuse for absence. Written examinations are given at the conclusion of all courses, upon which a grade of 75% is required for credit. All courses must be completed satisfactorily before the student will be presented to the State Department of Registration as eligible for state examination and registration.

Students must successfully pass examinations in the preclinical period in order to continue their education.

Upper class students may retake an examination **once only**.<sup>\*</sup> A fee of ten dollars is charged for retaking an examination.<sup>†</sup>

#### LOAN FUND

A loan fund has been established by Mr. Charles H. Schweppe, former President of the Board of Trustees of St. Luke's Hospital. After the completion of the first year in the school, small loans are available to students who need financial assistance and who have demonstrated a particular fitness for nursing.

#### PRIZES AND AWARDS

In accordance with terms of the particular gifts, there are seven special awards and prizes offered to students upon graduation from St. Luke's Hospital School of Nursing. They are the following:

*The Charles H. Schweppe Memorial Award* is offered for the most outstanding student in psychiatric nursing.

<sup>\*</sup> Providing her average for the course is between 70 and 75%.

<sup>†</sup> Students failing a course with an average below 70% for the subject must repeat the course and pay a fee of \$10. No student may repeat a course more than once.

*The Mrs. Charles H. Morse Honor Award* is offered annually to a student who ranks as the most outstanding "all around" nurse.

*An Anonymous Award* is given annually to a student who demonstrates excellence in bedside nursing.

*The Mrs. John W. Gary Award* is given to the most outstanding nurse in obstetrical nursing.

*The Harriet Fulmer Award* is awarded annually to a student in the graduating class with the highest scholastic standing.

*The Woman's Board of St. Luke's Hospital Award* is offered each year to a student showing outstanding ability as an operating room nurse.

*The Woman's Board of St. Luke's Hospital Award* is given annually to the most outstanding nurse in pediatric nursing.

#### GRADUATION AND AFTER

The diploma and pin of the school are granted to students who have successfully completed the required course in nursing. Commencement exercises are held at the close of the school year. The hospital and school continue to be interested in the nurse after graduation and endeavor to give her assistance in securing desirable positions in the phase of nursing she is best qualified to enter.

In order to practice as a Registered Nurse, graduates are required to pass the examination given by the Department of Registration and Education of the State of Illinois. This entitles the nurse to registration by reciprocity or examination in other states.

All graduates of the School in good standing who are registered nurses are eligible for membership in the St. Luke's Hospital Alumnae Association. This Association was organized in 1897 and is helpful in maintaining high professional standards among the graduates of the School. Membership in the Alumnae Association admits the graduate to the district, state and national nursing organizations. She is also eligible for membership in the American Red Cross Nursing Service.

## CURRICULUM

### BIOLOGICAL AND PHYSICAL SCIENCES

#### *Anatomy and Physiology.*

Lectures, laboratory work and demonstrations designed to give fundamental knowledge of structure and function of the various systems of the human body. Microscopic demonstrations, animal dissection, and museum preparations are shown in the laboratory. Demonstrations covering the principal functions of the neuromuscular, sensory and nervous systems, circulatory, capillary and lymphatic systems, the respiratory system, the genito-urinary system, digestion, metabolism, the endocrines, and reproduction. This course is designed as a basis for advanced courses and a foundation for nursing education as a whole. First year, first term. (Lectures, 38 hrs., laboratory and demonstrations, 72 hrs.) Miss Hamilton.

#### *Microbiology.*

Lectures and laboratory work designed to give the students fundamental understanding of pathogenic organisms, their growth and destruction. Special emphasis is placed on public health aspects, modes of infection, prevention, also diagnosis and treatment of infectious diseases from the standpoint of bacteriological tests, vaccines and serums. First year, first term. (Lectures, 30 hrs., laboratory and demonstrations, 30 hrs.) Miss Hamilton.

#### *Chemistry.*

This course, consisting of lectures and laboratory work represents a careful selection of content from general inorganic, organic and physiological chemistry, and the application of the principles of chemistry to nursing. First year, first term. (Lectures, 30 hrs., laboratory, 30 hrs.) Mr. Gdalan.

### PHARMACOLOGY

#### *Solutions and Dosage.*

Lectures and laboratory work giving principles of preparing solutions, source, use and toxicology of disinfectants and antiseptics, methods of administration of drugs. Laboratory work includes the actual preparation of solutions. First year, first term. (Lectures, 18 hrs., laboratory, 12 hrs.) Miss Stevens.

#### *Materia Medica and Therapeutics.*

This course is planned to teach the origin, action, dosage, method of administration, symptoms of overdosage, and clinical uses of the various substances used to maintain and regain health. It is taught by lecture, discussion, and presentation of case studies. First year, second term. (Lectures, 30 hrs.) Miss Fritz.

### SOCIAL SCIENCES

#### *Professional Adjustments I.*

This course deals with the ethical and philosophical principles related to nursing. The principles of guidance and assistance in working out professional problems, individual and group relationship. First year, first term. (Lectures, 25 hrs.) Miss McConnell, Miss Stevens, Mrs. Bell, Miss Konecko, Miss Roe.

#### *Professional Adjustment II.*

This course deals with the problems the nurse will encounter in the varied

branches of nursing, the problems of adjusting to such situations, the survey of the nursing field; the professional nursing organizations and the opportunity and responsibility of the individual nurse in the support of the organizations. Third year, first term. (Lectures, 30 hrs.) Miss McConnell.

### *History of Nursing.*

This course deals with the field of nursing as a whole. The origin of nursing, and the development of nursing from primitive peoples to modern times. First year, first term. (Lectures and discussions, 30 hrs.) Miss Boyles.

### *Sociology I.*

This course deals with modern social conditions and is designed to give the student nurse a practical knowledge of the methods of safeguarding and protecting the life of individuals and of the community with special reference to housing, employment, the family, nationality and social groups. First year, first term. (Lectures and field trips, 30 hrs.) Miss Stevens.

### *Sociology II.*

Classes in the history of Public Health Nursing, problems and trends in connection with official and non-official agencies and the vocational aspects of the field. Special emphasis is placed on the recognition of health problems in the family and the community, the use of community resources in meeting the needs of the individual and the teaching of health in the family. Third year, first term. (Lecture 30 hours). Miss Stolp.

### *Psychology.*

This course deals with the principles of study and of learning processes and the general principles of behavior, emphasizing the application of these principles to the larger social problems of the entire nursing field. First year, first term. (Lectures, 30 hrs.) Miss Roe.

## NURSING AND ALLIED ARTS

### *Nursing Arts.*

By means of lecture-demonstration, supervised laboratory and ward assignments, the basic scientific principles underlying general nursing activities are presented to the student. Emphasis is placed on individualization of nursing care, including social and hygienic aspects which may be applied by the student for both her own and her patient's welfare. First year, first term. (Lecture-demonstration 92 hours; laboratory 52 hours; ward practice 140 hours.) Miss Boyles, and assistants.

### *Nursing Care Study.*

A course of lectures and conferences designed to present the fundamental principles underlying the application of case method to the study and observation of the patient and his environment, the family, social status, etc. First year, second term. (Lectures, 10 hrs.) Miss Boyles.

### *Nutrition I.*

This course, consisting of lectures and laboratory work on the preparation of normal, balanced diets for adults, is based on the principles of normal nutrition and the application of these principles to individuals and family groups. First year, first term. (Lectures, 15 hrs.; laboratory, 30 hrs.) Miss Jutton.

### *Nutrition II.*

A study of therapeutic diets, the underlying principles and theories of modern methods in the treatment of disease, such as diabetes, nephritis, etc. First year, second term. (Lectures, 15 hrs.) Miss Jutton.

*Principles of Medicine.*

(a) This is a course of lectures on internal medicine which present the physiology of symptoms of medical disease, etiology, pathology involved, and treatment. Discussions of therapy from standpoint of choice and indications for use of various drugs and nursing care are included. First year, second term. (Lectures 20 hrs.) Dr. Ralph Dolkart.

(b) Bronchoscopic lantern slide demonstrations of foreign bodies in the respiratory and alimentary tracts. Also, tracheotomy care. First year, second term. (Lectures and demonstrations 2 hrs.) Dr. Paul Holinger.

(c) Techniques of and indications for oxygen therapy. First year, second term. (Lectures and demonstrations 2 hrs.) Dr. F. C. Jacobson.

(d) Dental Caries. (Lectures 2 hrs.) Dr. W. H. Holmes.

*Principles of Medical Nursing.*

This is a course of lectures and demonstrations emphasizing the nursing care, prevention and treatment of medical diseases, including oxygen therapy, electrocardiography and basal metabolism. New dietary trends, and the social and public health aspects of nursing. First year, second term. (27 hours). Miss Frost, Mrs. Marland and Special Lecturers.

*Principles of Surgery.*

A course of lectures and discussions in surgical diseases dealing with the pathology, disturbed physiology and the predisposing causes of the diseases treated by surgery, and principles of anesthesia. First year, second term. (Lectures, 25 hrs.) Dr. J. L. Lindquist and Dr. F. C. Jacobson.

*Principles of Surgical Nursing.*

Classes and demonstrations emphasizing the nursing care, prevention and treatment of surgical diseases. First year, second term. (Lectures and discussion, 21 hrs.) Miss Van de Steeg.

*Principles of Orthopedics and Fractures.*

A course of lectures and clinics dealing with orthopedic surgery and fractures. The principles and practice of nursing as related to orthopedic diseases and fractures. First year, second term. (Lectures and clinics, 12 hrs.) Dr. Norcross, Miss Wittmack.

*Principles of Operating Room Technique.*

A course of lectures and demonstrations dealing with the underlying principles in the conduct of an operating room, personnel, equipment, procedure. A practical course to acquire the knowledge and skill necessary for surgical and medical asepsis. Second year, first term. (Lectures and demonstrations, 15 hrs.) Miss Ante and Miss Budd.

*Principles of Communicable Diseases and Communicable Disease Nursing.*

This course is given as an introduction to the field of Communicable Disease Nursing with special emphasis placed upon disease prevention and health teaching aspects. First year, second term. (12 hrs.) Dr. S. S. Snider, Miss M. A. Burchard.

*Disease of Ear, Nose and Throat.*

A course of lectures emphasizing the anatomy and physiology of the ear, nose and throat; the diseases of these organs, and the subsequent treatment of these diseases. Second year, first term. (Lectures, 12 hrs.) Dr. H. R. Lyons, Miss Hunter.

*Diseases of the Eye.*

A course of lectures emphasizing the anatomy and physiology of the eye; diseases of the eye, surgery of the eye, nursing care and treatment of these diseases, and demonstrations of methods of examination. Second year, first term. (Lectures, 12 hrs.) Dr. Bothman, Miss Stevens.

*Principles of Gynecology.*

A course of lectures dealing with gynecological conditions, the physiological aspects, pelvic infections, benign and malignant tumors, operative procedures and the care of preoperative and postoperative patients. Second year, first term. (Lectures, 10 hrs.) Dr. Edwards.

*Principles of Gynecological Nursing.*

A course of lectures and demonstrations dealing with the underlying principles and practice of gynecological nursing. Second year, first term. (Lectures, 5 hrs.) Miss Van de Steeg.

*Principles of Urology and Urological Nursing.*

A course of lectures and demonstrations on the diseases of the genito-urinary tract, their diagnosis, treatment and nursing care. Second year, first term. (Lectures, 10 hrs.) Dr. T. P. Grauer, Miss Van de Steeg.

*First Aid.*

A course of lectures and laboratory work dealing with the underlying principles of rendering first aid. Successful completion of this course leads to the American Red Cross First Aid Certificate. Second year, second term. (Lectures and laboratory, 20 hrs.) Dr. Morrow, Miss Ebinger.

*Dermatology.*

A course of lectures and lantern slide demonstrations covering the anatomy and physiology of the skin, causes, symptoms, treatment, complications, prognosis and nursing care of the more common and important skin diseases. Second year, second term. (Lectures 9 hrs.) Dr. Oliver, Dr. Smith, Miss Stolp.

*Venereal Disease.*

A course of lectures dealing with the causes, symptoms, mode of transmission, treatment, nursing care, complications and prognosis of venereal disease with special emphasis on the social and public health aspects. Second year, second term. (Lectures 7 hrs.) Dr. Grauer and Miss Stolp.

## PHYSIOTHERAPY AND OCCUPATIONAL THERAPY

*Physiotherapy and Massage.*

A course of lectures and laboratory work dealing with the various procedures and the indication for their use in the treatment of diseases. Second year, first term. (Lectures, 5 hrs., laboratory, 10 hrs.) Dr. Coulter, Miss Brantky.

*Occupational Therapy.*

A course of lectures and discussions dealing with the therapeutic value of creative work and combining manual and mental effort on the part of the patient in the management of certain diseases. First year, first term. (2 hrs. of conference, 6 hrs. laboratory.) Dr. Coulter, Miss Roberts.

## OBSTETRICS

*Principles of Obstetrics.*

A course of lectures dealing with the physiological and the pathological aspects of pregnancy, prenatal care of the mother, parturition, puerperium and the management of normal and abnormal labor. Second year, second term. (Lectures, 25 hrs.) Dr. Finola.

*Principles of Obstetrical Nursing.*

A course of lectures and demonstrations dealing with the nurse's part in the program for complete maternity care, emphasizing her responsibilities in regard to teaching, procedures and techniques in the care of mother and infant. Second year, second term. (Lectures, 25 hrs.) Miss Enright.

## PEDIATRICS

*Principles of Pediatrics.*

A course of lectures dealing with the underlying principles of pediatrics including common disorders of infancy and childhood, infant feeding and communicable diseases of childhood, psychological development and behavior problems. Second year, second term. (Lectures, 25 hrs.) Dr. Henn and associates.

*Principles of Pediatric Nursing.*

A course of lectures and demonstrations dealing with the principles and practice of nursing adapted to the care of the child in sickness and in health. Second year, 2nd term. (Lectures-demonstrations, 25 hrs.) Miss Burchardi.

## NEUROLOGY AND PSYCHIATRY

*Principles of Neurology.*

A course of lectures dealing with the anatomy and physiology of the nervous system and the causes, symptoms, complications, prognosis and treatment of the diseases affecting it. Second year, second term. (Lectures, 15 hours.) Dr. R. P. Mackay.

*Principles of Neurological Nursing.*

A course of lectures dealing with the management of the neurological patient. Second year, second term. (5 hours.) Miss Roe.

*Principles of Psychiatry.*

A course of lectures dealing with the structure of personality and of abnormal personality manifestations, psychoneuroses, psychoses, mental mechanism, mental hygiene. Third year, first term. (Lectures, 15 hrs.) Dr. Solomon, Miss Roe.

*Principles of Psychiatric Nursing.*

A course of lectures and demonstrations in the principles and practice of nursing as applied to the care of the mentally ill patients emphasizing the role of the nurse in preventive work. Third year, first term. (Lectures, 15 hrs.) Miss Roe.

## AFFILIATIONS AND SELECTIVES

Communicable Diseases at Contagious Disease Hospital.

*Principles of Communicable Diseases.*

A course of lectures and discussions in communicable diseases dealing with the causes, symptoms, treatment, prognosis, complications and convalescence of

communicable diseases. Third year, second term. (Lectures, 12 hrs.) Miss Helen K. Powers.

*Principles of Communicable Disease Nursing.*

Classes and demonstrations emphasizing the nursing care, prevention and treatment of communicable diseases. Third year, second term. (Lectures and demonstrations, 22 hrs.) Mrs. Dorsey.

*Principles of Public Health Nursing III.*

A course of lectures and discussions of the principles of public health nursing as it relates to Visiting Nursing. Third year, second or third term. (Lectures and discussions, 40 hrs.) Miss Mary Westphal and associates.

		of Nursing . . . . .	13 weeks

\* All students are offered experience in communicable disease nursing at the Municipal Disease Hospital, or at the Cook County School of Nursing.  
† Twenty-four students are selected, each year, and receive experience in public health nursing, in the Visiting Nurse Association.  
Four weeks of vacation is given in the summer of each year.

CLINICAL EXPERIENCE IN NURSING

TWO groups of students are admitted to the school yearly, and the length of the nursing program is three years, inclusive of ten weeks of vacation.

The first term is essentially a preclinical period, in which the biological, the physical, and the medical and social sciences are studied. This group of courses is integrated with the elementary techniques in nursing, and when evidence of adequate theoretical knowledge, and nursing skill is demonstrated, experience is given in the wards, under constant supervision.

The second term of the first year, is devoted to classroom instruction and clinical experience in all phases of medical and surgical nursing, diet kitchen experience and practice in operating room procedures.

In the first and second terms of the second year, emphasis is placed upon the principles and practical experience of obstetrical, pediatric and psychiatric nursing.

During the first term of the third year, all students receive additional classroom and clinical experience in communicable diseases through an affiliation with the Municipal Contagious Disease Hospital.

Supplementary to the affiliation at the Municipal Contagious Disease Hospital, twenty-eight selected students are offered public health experience in the Visiting Nurse Association, each year.

The second term of the third year is a period of supervised senior experience.
